Hi Susan. I am aware of the very recent proposal of the Highway 100, CR 3 Site in St. Louis Park MN to the NPL. My question for you is whether all documents of record in the St. Louis Park Solvent Plume Site record have been made part of the docket in the NPL listing record for the Highway 100, CR 3 site. If not, Is it possible to get an expedited FOIA response with all such records, given that there is a deadline for comments on the Highway 100 NPL proposal?

Please call me if you need clarification. 312-203-9035.
